

Fresh

Filter P/F Environmental 1-pcs

Cat. Part Number 663016

- **High-performance electrostatic filter, EU7**

Technical data

Etim Code EC010079

Description

Filter with extremely high separation efficiency. Used in combination with the standard filter. Electronically charged fibres that act like a magnet. Effectively filters traffic emissions, bacteria, viruses, etc. Because of its high

efficiency, the filter becomes clogged quickly. It should therefore be replaced regularly. Temperature up to 100°C, class EU7.
